

SAFETY: ALWAYS UNLOAD AND PROVE THAT THE FIREARM IS CLEAR BEFORE WORKING ON IT.

Sizing Guide Instructions

1. Following Falcon Strike's Installation Instructions, remove the old pad from the gun's stock.
2. Once the pad has been removed, measure the height and width of the stock and compare to the dimensions above.
3. When printing, verify Plot Settings are set to 1:1 and measure the scale above with a ruler.
4. Put this template on a table then place the flat end of the gun stock on top it.
5. Align the stock with the guide to verify the fit.
6. If the fit is good, check the model number and order your Falcon Strike Recoil Converter!
